

REBOUND
ELECTRONICS (UK) LIMITED

Environmental Policy

Rebound Technology Group recognizes its responsibilities towards the environment and seeks to ensure that whilst its impact within the market place is maximized, its impact on the world in which we live is minimal.

We are committed to the prevention of pollution and to ensuring that our processes are conducted in accordance with the relevant environmental legislation.

In addition to our legal responsibilities, we seek to minimize our impact upon the environment by:

- Evaluating operations and ensuring they are as efficient as possible
- Reducing energy consumption
- Minimizing waste and promoting recycling.

These objectives have been communicated to all employees of the Rebound Technology Group as well as those working on its behalf and are available to the public upon request.
